BOB Motion Stroller (Model #: ST36928, ST36929)

Britax Click & Go 3 Wheel Stroller Frame (Model #: 39626)

Britax Click & Go Receivers for Travel System use (Model #: 39577) sold separately.

Sold at Baby On The Move, Baby Factory, Chaines, babies.co.nz, Kidzclub,
Winkalots, Treasured Cargo, Smiths City and Nurtured.

Sold from November, 2011 through to 16th February, 2017

Defect: The Click & Go receiver mounts can be damaged when used with the B-Safe Infant car seat as a Travel System.

Hazard: The B-Safe Infant Car Seat may unexpectedly disconnect from the stroller and fall.

What to do: Stop using your B-Safe infant car seat in our stroller **as a travel system**. If you own your stroller contact Britax to arrange a free remedy kit. If your product was hired then contact the hire company for the fix.

You may continue to use your car seat or stroller separately without the car seat attached to the stroller.

Contact details for Britax: Call Britax Customer Service (09) 443 0102 (Monday to Friday 9:30am to 4:30pm) or go to: <https://www.britax.co.nz/service-support/product-recalls/>
